

There's A New Business In Town!

*Meet Entrepreneur & Client of Business Cape Breton's Small
Business Development Program
Rodney MacLean of MacLean Surveying*

MacLean Surveying is owned and operated by Rodney MacLean, a Nova Scotia Land Surveyor, from Millville.

Rodney MacLean received his NSLS commission in 2013 and is currently the youngest NSLS located on Cape Breton Island. After working for several private land surveying companies, and travelling back and forth to Alberta for work, Rodney decided to venture out on his own, creating MacLean Surveying Ltd.

MacLean Surveying provides legal land surveying services to all areas around Cape Breton Island. They provide Plot Plans & Location Certificates for new property transactions, new home construction and mortgage certificates. They also do subdivision plans for owners or developers looking to divide up properties, Retracement surveys for property owners looking to establish exactly where their property boundaries are, and Construction Surveys providing grade and layout work for contractors and construction projects.

Thus far, MacLean Surveying has worked on hundreds of surveys throughout the area, in all four counties within Cape Breton.

Rodney received assistance from the Small Business Development Program of Business Cape Breton for the start up of MacLean Surveying.

CONGRATULATIONS RODNEY!
