

Seniors College 50+ FALL 2015 Course Descriptions

Short Courses:

Each course: \$20 plus tax

Facebook Fundamentals

Date: Saturday November 7, 2015 Time: 9am-1pm

In this short course, you'll learn how to update your privacy settings on Facebook, follow or unfollow users, send messages, and upload photos, along with tips for finding, liking, and sharing content. The first part of the class will be structured and the second part will be a Q&A period to address specific concerns or issues you have. Participants should already have a Facebook account and be familiar with its basic use.

Principles of Pinterest

Date: Sunday November 22 Time: 1-5pm

Whether it's potential vacation destinations, recipes, organization solutions, woodworking patterns, or seasonal decorating ideas, Pinterest can be used to save and organize information and inspiration you find online. In this short course, you'll learn how to update your privacy settings, create boards personalized for your interests, and find, pin, and organize content. Participants should already have a Pinterest account and be familiar with its basic use.

Understanding your Retirement

Date: Saturday November 28 Time: 9am-1pm

This course will focus on what you need to know before and after retirement. We will touch on sources of retirement income, investments, interest rates, the economy and markets, taxes and pensions. Finally, we discuss how all of these topics have changed over the past 30 years, and how this impacts you.
